Parking costs, bus passes and bicycle expenses are included.</p> <p>Electric Charging Stations: If you own an electric car, charging stations are provided at your work location.</p>

⁽¹⁾ The Basic Life Insurance and Supplemental Life Insurance benefits include an accelerated death benefit if you have a life expectancy of less than six months and meet other requirements. The accelerated death benefit pays a portion of your Basic Life and Supplemental Life Insurance coverage amount to help with terminal illness expenses. However, you may use the proceeds as you desire. Payment of an accelerated death benefit reduces the amount payable to your beneficiary upon death.

⁽²⁾ This is the maximum amount the insurer pays per accident. For example, if the coverage level is \$2,500,000 and 20 employees are eligible for Business Travel Accident Insurance claims under one accident, each person would receive \$125,000 rather than \$200,000 because of the maximum.
